

MISSISSIPPI DEPARTMENT OF TRANSPORTATION

Inter-Departmental Memorandum

TO: Design Team Leaders

DATE: January 05, 2012

FROM: Russell Sutterfield 
Quality Control Engineer

SUBJECT OR PROJECT NO: TCP-10

INFORMATION COPY TO:

COUNTY:

Roadway Design Division Engineer (Reese)
Assistant Roadway Design Division Engineer (Pittman)
Special Projects Engineer (Boteler)
Roadway Design Section Engineers
District Engineers
District LPA Coordinators
LPA Division (Smith)
FHWA
Consultants
RWD Files (Sutterfield)

Standard Drawing TCP-10 has been revised. This drawing is no longer to be shown as a Standard Drawing on the Detail Index sheet in plans. This drawing has been renamed SDTCP-10. The new drawing is to be shown on the Detail Index sheet as a Special Design Drawing and inserted in plans. The revision was required to add a note to the sheet that states 2" thick timber barricades are not allowed. Do not make first order plan revisions solely for this change. If other changes are being made, go ahead and make this change at the same time.

The new drawing can be found at the Roadway Design web site under Special Design sheets.

Consultants:

Please distribute this Design Memo to any other of your offices that may have a need for it. All RWD Design Memos may be found on MDOT's FTP site: <http://ftp.mdot.state.ms.us>
